**Program:** [list below, in order]

**TECHNICAL MERIT**

- 0=F (no maneuver done, forgot the maneuver, incomplete maneuver)
- 1=D (Maneuver done but not done to expected performance elements)
- 2=C (Average performance—all the parts of the maneuver there for expected level of performance)
- 3=B (Above average expected performance level—good performance)
- 4=A (Excellent performance level)
- 5=A+ (Superlative performance, done stunningly and exceptionally well—5 should not be used much and only given for superb performance—a WOW!)
